Dear Sir:

Pursuant to 37 C.F.R. §1.97, Applicant hereby calls the Examiner's attention to documents listed on the attached form, which documents may be material to the examination of this application. Pursuant to 37 CFR §1.98(a)(2)(i) copies of cited US patent and US patent application publications are not submitted herewith.

REFERENCES CITED HEREIN

US patent no. 7,298,347 submitted herein, is a US family member of Japanese patent application JP 2000-176246, which does not appear to have been prosecuted in the Japanese Patent Office. Japanese patent publication no. JP 2002-72964 claims priority to

JP 2000-176246, and was published on March 12, 2002. Therefore, US 7,298,347 appears to be in the same family as JP 2002-72964.

No inference should be drawn that the attached list sets forth a comprehensive investigation of the prior art, that any or all are pertinent to the invention, or that any apparatus disclosed is equivalent to the subject invention.

The citation of the above-discussed documents is not to be construed as an assertion that more pertinent art could not possibly be in existence. Citation of any document herein is not to be construed as an admission that any subject matter disclosed in the document is necessarily within the inventive field of endeavor, that any disclosure is necessarily prior in time to a particular date which may be relevant to the instant patent application, and/or that any disclosure is otherwise necessarily prior art with respect to the instant invention.

Applicant also respectfully reserves the right to later set forth how the instant invention is distinguished over the disclosure of any document or other art, including the disclosure of those documents discussed herein, that may be cited by the Examiner in rejecting a claim in the instant patent application.

FEE

As an RCE was recently filed in this case, no fee is believed due for this IDS. However, if any such fee is required, please charge our Deposit Account No. 50/1039.
